PHONE: PROJECT DETAILS/TITLE: "**Farmers from the Pyrenees, France**"

*This project commemorates the disappearing way of life in these highland hamlets of the Pyrenees. The high-top farms of France are among the last outposts of a generational tension: a tension between the hardscrabble farming life and the siren song of industrialized urban centers. Are the fathers—the farmers—merely dinosaurs; anachronistic vestiges clinging naively to the ways of times long gone?*
